

Public Notice – Environmental Permit

PURPOSE OF NOTICE: To seek public comment and announce a public hearing on a draft permit from the Department of Environmental Quality regarding a landfill in Henrico County, Virginia, 23231.

PUBLIC COMMENT PERIOD: July 26, 2013 to September 12, 2013

PUBLIC HEARING: Henrico Eastern Government Center, Community Room, at 3820 Nine Mile Road _ in Henrico, VA on Tuesday, August 27, 2013 at 7:00 P.M.

PERMIT NAME AND NUMBER: The East End Landfill, LLC, Permit Application Major Modification 14, Cell III-D, Solid Waste Landfill, Number 524

PERMIT APPLICANT: The East End Landfill, LLC

FACILITY NAME AND LOCATION: The East End Landfill, LLC; 1820 Darbytown Road, Henrico, VA, 23231

PROJECT DESCRIPTION: The East End Landfill, LLC has applied for a modification to the Landfill Permit to build a 2.41-acre Cell III-D within the approved permitted facility footprint with an approximate disposal capacity of 390,000 cubic yards at The East End Landfill. The modification is to allow The East End Landfill, LLC to add disposal capacity within an existing landfill in Henrico County, Virginia. This modification to the permit would allow a lined piggyback addition to the existing landfill where the disposal of construction, demolition, and debris waste would be placed within a lined area over existing portions of Cells III-B, Cell III-C, and parts of existing Darbytown Road Landfill Cells 1 and 2. The life expectancy of the Permit Modification is approximately 2.73 years with the addition of Cell III-D. It is expected the average daily intake rate will be 1,000 tons per day with a maximum allowed intake of 3,500 tons per day. In addition to the Cell III-D expansion, site improvements include a traffic routing and stacking plan, relocation of the weighing station, stockpile and stormwater management improvements. The proposed Cell III-D Expansion must comply with all Conditional Use Permit requirements approved by the Board of Zoning Appeals, Henrico County, Virginia.
